

What The Well-Dressed "Were" Wearing

In a time of on size fits all, and volume marketing, Medicine River Trading Company is unique in the fact that "one-of-a-kind" really means one of a kind.

We work with each client to make sure that they get "exactly" what they are looking for (and that they won't find 5 other people wearing the same thing the next time they go out). Owner and master craftsman Jack Smith is a classically trained historian and brings more than 45 years of experience in costuming and outfitting of American History enthusiasts.

With his contacts and experience in the motion picture industry he has also been able to gather a cadre of hat makers, potters, blacksmiths, tinsmiths, weavers, beaders, quillers, tailors and tip makers to aid him in making sure that each item is exactly right.

Remaking History...Daily

At Medicine River Trading Company, we recreate fully researched, one-of-a-kind, wearing apparel and equipment for the recreator and collector who demand total authenticity.

We can supply the needs of those who wish to recreate the period from 1700-1900. American Indian, French and Indian, Civil War, the Fur Trade to the Wild West, if you need it, we can find or make it.

This brochure depicts just a few of the items we have created to satisfy the needs of our clients in the past. Because of the wide variety of items we carry, both in the shop and on-line, and the fact that we are adding new items daily, we have found it impossible to continue to print catalogs. The price of keeping it current was just impossible. We would rather pass the saving along to our customers than to our printers.

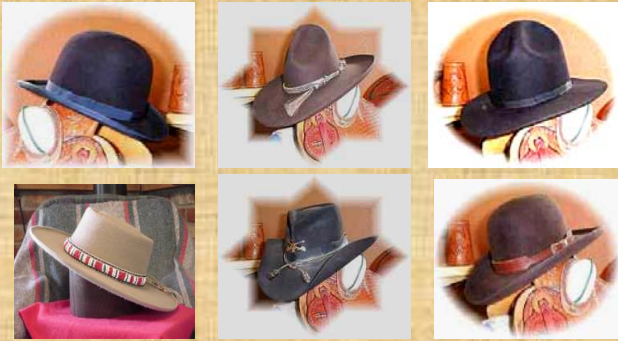

We suggest instead that you check out our website or contact us direct for help with any special needs and current pricing. You can call us toll free at [1-866-406-3539](tel:1-866-406-3539), or e-mail medriver@3rivers.net And don't forget the Art Gallery! We feature some of the greatest living & dead western artists.

Many Times The Story Is In The Detail

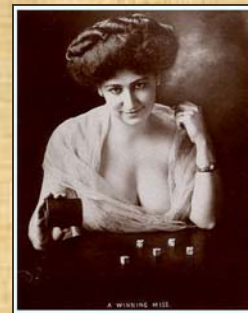

All the work in the work can be for naught to many reenactors, if the details aren't right. At Medicine River Trading Company, all of our custom work is researched for authenticity, and we attempt to create your product using the traditional methods of the originals of your time period..

Whether it's a knife sheath, a shooting bag or a gamblers shoulder holster. You can trust that it will be done right and at a cost we can both live with, and you won't find nine other guys or gals wearing or using the exact copy of your gear. **And you can take that to the Bank!**

Trade Beads...We've got the real deal. One of our suppliers bought a packet of consigned freight from the orient dated 1855. Low and behold a consignment of trade beads!

You'll Be The Most Wanted Guy or Gal At That Next Reenactment, Rendezvous, Pow Wow, or Action Shoot!

Know That If You See This Mark Your Order Was Created By Jack Smith... And That It's Done Right!

Make sure that when you visit Montana you stop the shop and Gallery . We have many of the top names in Western Art.

Check out our website www.medicinriver.com or call us Toll Free at 1-888-406-3539, our regular number 1-406-279-3459, or drop us line and let's discuss "what you want to be" and "what time period do you want to be there". We'll do our level best to put you there.

Like I love to say, "We're Recreating History Daily!". Let us recreate some for you.

All Custom Work will be quoted free before we start the project, so what have you got to loose? Certainly not any of these...
